EVENT SUMMARY

GAD (Global Airport Development) has been uniting airport stakeholders since 1994. It is the largest & most senior gathering of major global public and private airport operators, investors, financiers and industry experts.

"There is tremendous value in attending GAD. It is my favourite conference for learning about the macro-level trends in aviation from a financing perspective, and so many fantastic networking opportunities."

Tom Ruth

President & CEO

Edmonton International Airport

GAD World 2022 brought together over 300 attendees from the airport investment and development community for the 3-day event, packed with best-practice conference sessions and exclusive community and new business networking opportunities.

2022 EVENT AT A GLANCE

"GAD 2022 reconfirmed how good it is to reconnect face to face!"

Alexander Zinell
CEO
Fraport Greece

AGENDA HIGHLIGHTS

Key issues on the agenda this year included:

- Building resilience back into the airport model
- Navigating the new dynamics of airport investment & finance
- Re-aligning investment priorities with new market conditions
- Forecasting: Where to look for certainty on growth & the future traffic mix?
- Balancing charging regimes to support both airline and airport recovery
- PPP models around the world
- Preparing for the future of AAM

NETWORKING HIGHLIGHTS

GAD attendees enjoyed many opportunities to reinforce & build their networks including:

- Informal evening canal boat tour of Amsterdam
- Using the networking app to identify new connections
- Expert-hosted discussion roundtables
- Exclusive lunches for Airport C-Suite and Government representatives

"GAD is definitively one of the best I have attended, both in terms of its content of the conference and the professional manner it was conducted."

Satyan Nayar
Secretary General
Association of Private Airport Operators (APAO) India

"GAD is the most interesting airport event for me, I'm glad I had the opportunity to participate."
